OVERVIEW

Emery A. Wilson, M.D., is known for his commitment to medical students. In October 2003, the Medical Alumni Association and Dr. Wilson’s colleagues established the Emery A. Wilson Academic Enrichment Program in recognition of his emphasis on developing expanded educational opportunities for students. This program is intended to provide support to student-led initiatives and projects that enhance the learning and academic experience of medical students.

The Medical Alumni Association Executive Committee evaluates student proposals and awards funding based on the guidelines below. A maximum of $1,000 per request is awarded semi-annually to selected projects.

GUIDELINES

Projects should demonstrate enhancement of the student’s learning and academic experience; however, projects that promote medicine and increase visibility, awareness and/or goodwill of the College of Medicine in the Commonwealth of Kentucky will be given preference.

Funding may also be available for research projects and/or participation in conventions, seminars or workshops. Funding will not be awarded for food and/or travel expenses.

Projects should involve and/or have the ability to affect more than one student from the College of Medicine and should reflect the mission and current initiatives of the College of Medicine.

All proposals must be co-signed by a faculty member. Priority will be given to proposals that involve one or more College of Medicine alumni as partners, advisors or mentors.

It is the Medical Alumni Association’s intent to leverage the limited funds available, while distributing funds as equally and fairly as possible. Additional guidelines for distributing funds among projects that meet the above guidelines include:

- attempting to fund a diverse group of projects that represent a variety of interests;
- funding projects that reach a large number of students; and
- funding projects that are defined by quality proposals and applications that demonstrate clear and correct writing and adherence to guidelines stated on the application form.
APPLICATION

The attached application form must be submitted with all requests for funding. Proposals will be reviewed semi-annually by the Medical Alumni Association Executive Committee.

To be considered for funding, complete proposals must be submitted to the Office of Alumni and Development by 5:00 p.m. on the following dates:

2010-2011
Fall Funding – Friday, September 12, 2014
Spring Funding – Friday, March 13, 2015

Submit applications by:
Mail  UK College of Medicine
      Office of Alumni and Development
      Attn: Kristin Shattuck
      138 Leader Avenue, Room 220
      Lexington, KY 40506

RECEIVING AN AWARD

Requests for reimbursement must include original receipt(s) and should be submitted to the Office of Alumni and Development. Reimbursement requests must be submitted within one year of award notification. After one year, any remaining funds are not available to the award recipient.

Recipients must present their project during the fall or spring Medical Alumni Association board meeting.

For additional information, please contact the Office of Alumni and Development at 859.323.5834.
